Be Sure of Three Things

You can't always trust an insurance company or a self-insured employer or servicing agent:

- **To approve needed treatment**
without unreasonable delay
- **To pay medical costs**
without dispute and more delay
- **To pay cash benefits**
quickly and in the correct amount

We can often help your doctors get needed medical tests and procedures approved more quickly.

Workers' Compensation Pays:

Cash Payments

- For days lost from work or
- For reduced overtime earnings due to your injuries

Cash Death Benefits

- To your spouse and kids or
- To your estate

Lifetime Coverage for

- Medical Treatment
- Needed Surgery
- Physical Therapy
- Chiropractic Treatment
- Prescriptions

**There are never any
out-of-pocket attorney's fees.**

**If you don't get money,
we don't get paid.**
