What Is The NBS Group?

The NBS Group and its subsidiaries provide clients with high-quality construction, preventative maintenance and repair services, as well as unarmed security guards. The NBS Group has served the commercial facilities field since 1994. Working with some of the best known national chains, The NBS Group provides hassle-free, prompt and reliable service at a reasonable cost. The company currently partners with over 250 nationwide clients, including 50 top-tier national accounts operating throughout North America. The NBS Group also services over 200 large-scale contractors in the United States. Innovative and experienced, The NBS Group has the qualifications, resources and dedication needed to meet the present and future needs of its clients in this rapidly changing field.

The NBS Group manages your maintenance, construction and security allowing you to stay focused on your customers.

The NBS Group is the parent company for National Best Security, Global Construction USA, NBS Field Service Division and Go Direct. Global Construction USA and National Best Security operate in the Continental United States, Hawaii, Puerto Rico, Canada and the U.S. Virgin Islands. Our office is staffed with experienced personnel from 8 A.M. to midnight EST.

James Cartisano, President, and Nick Motherway, Vice President, the principals of The NBS Group, have a combined experience of over 30 years in the national commercial contracting industry. Their leadership, along with their skilled support staff and continuous in-house training, enables The NBS Group to maintain its competitive edge.

National Best Security

National Best Security is a reliable and professional source of unarmed guards for both short-term and long-term security requirements. Our guards patrol retail establishments for shoplifting deterrence, overnight repairs and parking lot security. In addition to retail establishments, security guards are also hired for warehouses, apartments, gated facilities and communities. Guards are also available for special events. All security guards are bonded and insured.

Global Construction USA

Global Construction USA provides preventative maintenance, repairs and construction services to over 250 multiple-locale clients throughout the Continental United States, Hawaii, Puerto Rico, Canada and the U.S. Virgin Islands (Connecticut, Rhode Island, Massachusetts, and parts of New York, New Jersey, New Hampshire and Pennsylvania are serviced by the NBS Field Service Division).

Global Construction USA has relationships with more than 15,000

licensed, bonded, and insured contractors. It continuously improves its network using an automated vendor rating system.

Its network and systems are always in line with the goal of its clients.

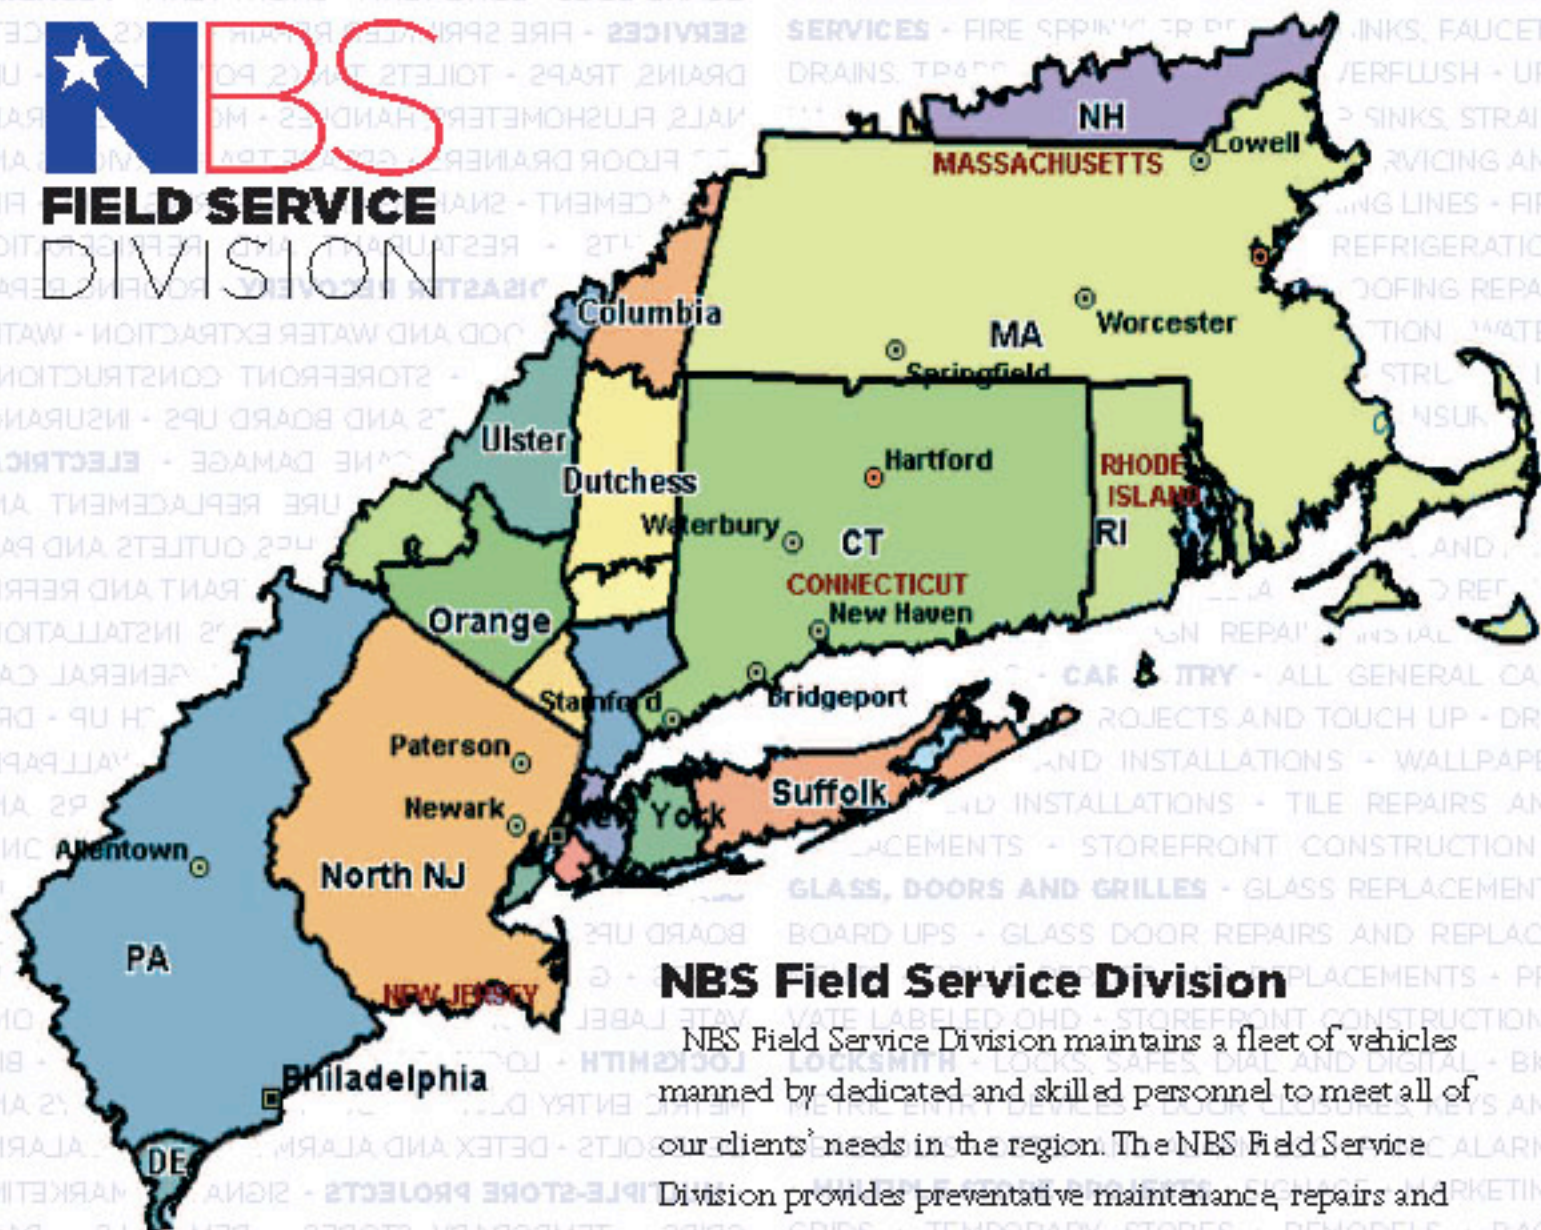

Global's network provides plumbing, electrical, carpentry, glass, doors and grilles, locksmiths and disaster recovery, as well as other services.

Go Direct

GO
Direct
SOFTWARE

Go Direct is a web-based software product that allows clients to schedule, manage and track their maintenance requests and projects directly with local service providers. • Login securely from anywhere in the world directly from the Internet. • Enter your annual budget figures and be able to analyze, control and report your facilities expenditures by the day, week, month, quarter and year. • Multiple brands can be tracked together and separately. • You will be able to see exactly how much you have committed to spend — by trade, by store and by region. • When selecting a vendor, their hourly rates are displayed on the screen in front of you. • The simple 4-part vendor rating system is easy to use. • The preventive maintenance function allows you to set up, assign, and track PM projects with ease.
