

DEAR NEIGHBOR,

Over the past several weeks, I have walked the Elwood community, going door-to-door and meeting with residents as part of my campaign to become your next Suffolk County Legislator. Residents have a variety of concerns and varying positions on important issues. However, one thing is clear: **the residents of Elwood share my opposition to the Orchard Park development.**

Steve isn't afraid to take a stand on community issues.

Like other major projects planned for our area, the Orchard Park development would have a tremendous impact on our community. Residents already know that our area could not handle the increase in traffic, the additional costs to the school district, or the effects on our environment. While affordable housing and smart growth is crucial for economic development, Orchard Park is **not** the answer. The project will cause irreparable damage to the character of our neighborhood and threaten our quality of life.

Like you, I am strongly opposed to the Orchard Park development.

Please tell me your concerns and count on me to call upon town leaders to stand together with you in opposition to Orchard Park. Give me a call at 631.553.9730 or send an e-mail to steve@stevestern2005.us.

Together, we can make a difference and stop this ill-conceived project.

Steve lives in Dix Hills with his wife Meredith and their two children.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Stern".
